About Us

Welcome to Parth HiTech Projects Private Limited, a company founded in 2006 with a vision to redefine the construction industry.

We are more than just builders—we are creators of experiences, designing spaces that not only fulfill needs but also enhance lives. Our focus extends beyond constructing structures; we are committed to building environments that foster connection, efficiency, and innovation.

At Parth HiTech, quality is the cornerstone of everything we do. We follow stringent industry norms and standards to ensure that every project we undertake is delivered with unmatched precision and excellence. From groundbreaking to the finishing touches, we never compromise on quality, crafting spaces that stand the test of time.

We take pride in our ongoing partnership with various Industries as we work together to develop cutting-edge spaces that contribute to the growth and progress of this great nation.

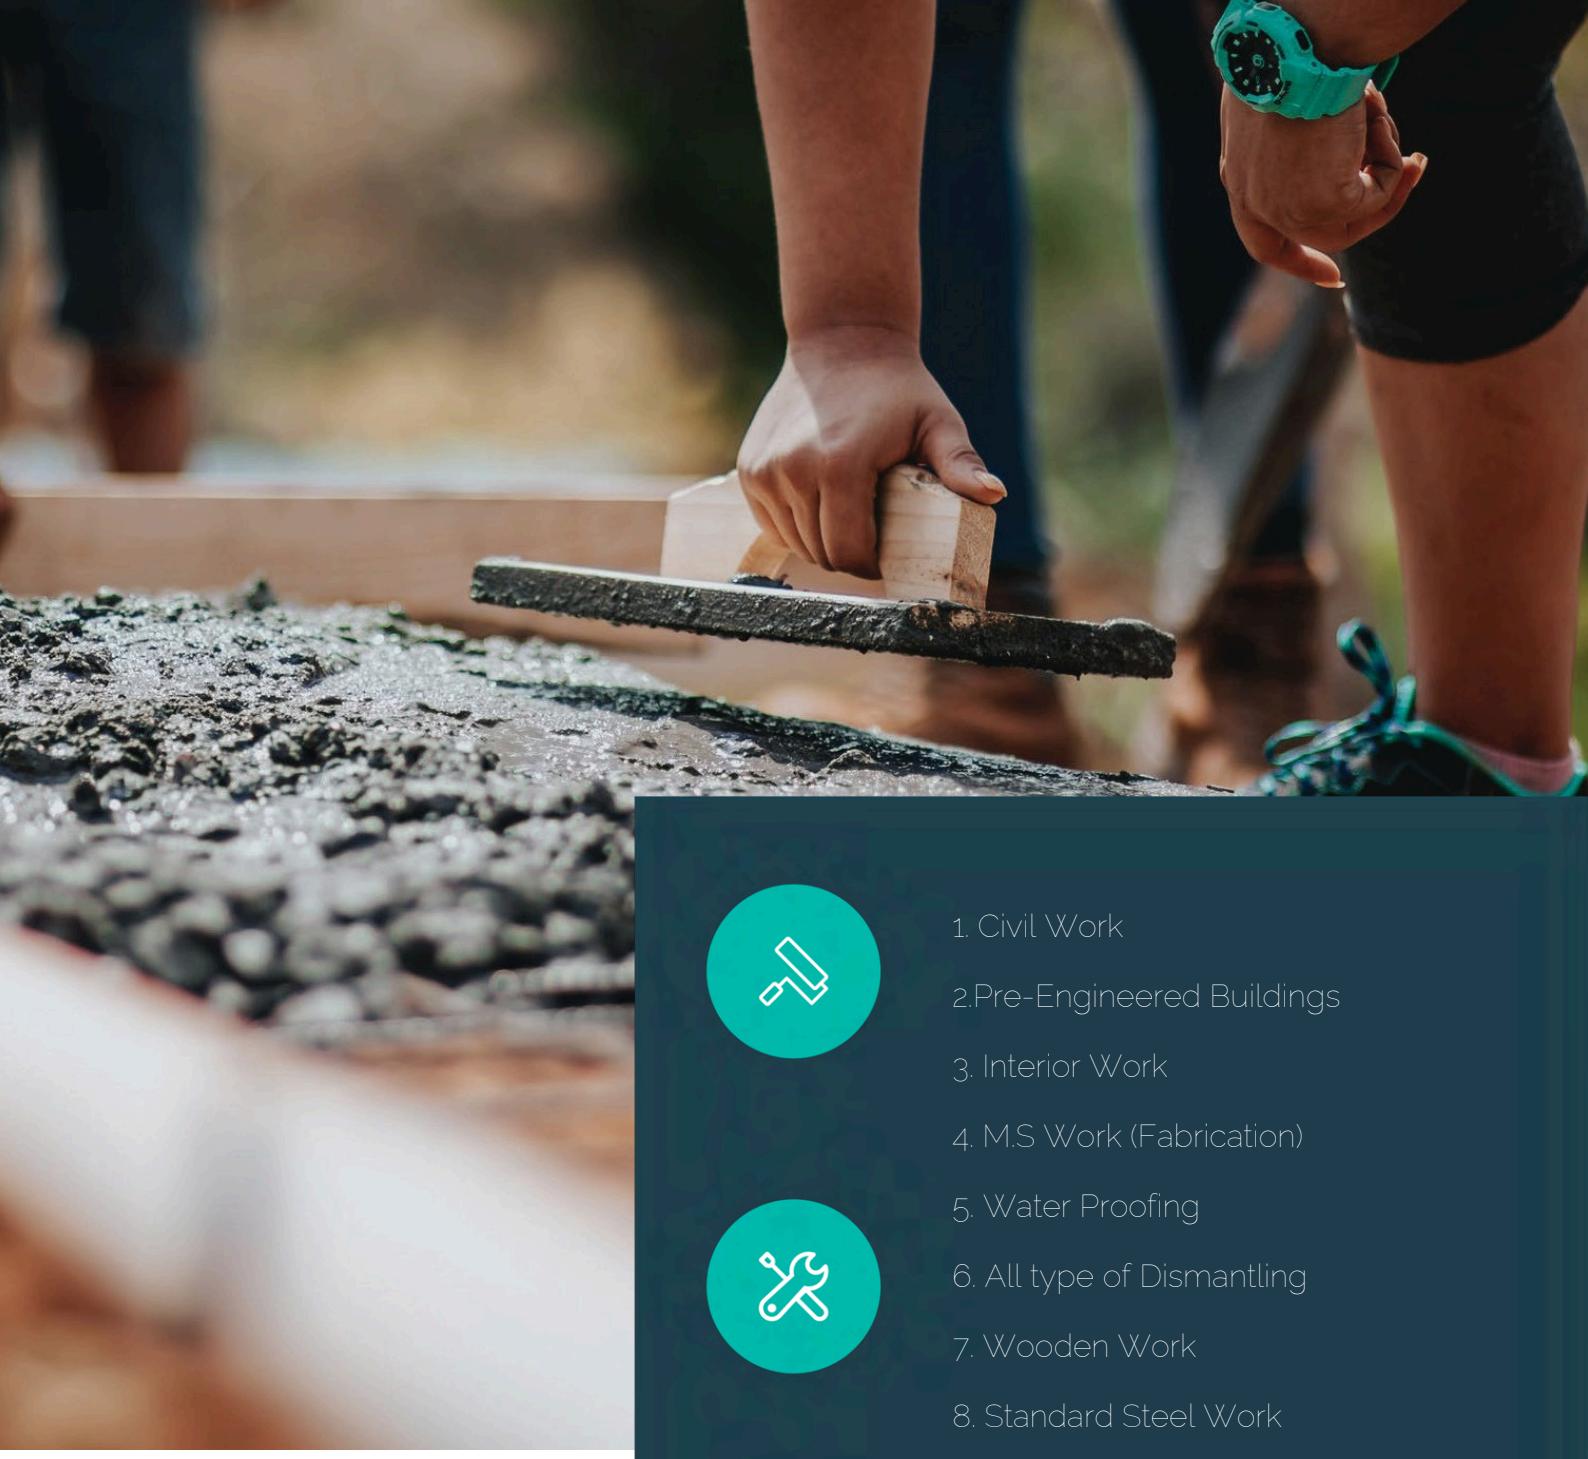

At Parth HiTech, we don't just build structures—we build a better tomorrow.

Meet Our Team

At Parth HiTech, our success is driven by a highly skilled and experienced team, each contributing their expertise to ensure seamless project execution. Our team includes a General Manager, Civil Engineer, Purchasers, Accountants, Store Keeper, Site Supervisor, Electrician, Safety Officer, and RMP (Doctor), all working together to uphold the highest standards of quality.

Under the leadership of Ajeet Singh Tomar, who fosters deep connections with employees and the company, we create an environment where every team member feels valued and empowered.

With a dedicated team of over 60+ professionals, we operate not just as a workforce but as a family, united by our shared commitment to excellence, integrity, and mutual respect. Together, we build lasting relationships with our clients, partners, and within our own team, reinforcing the core values that guide everything we do.

At Parth HiTech, we don't just build structures—we build a better tomorrow.

Machinery

At Parth HiTech, we pride ourselves on utilizing advanced machinery and cutting-edge technology to deliver precision and efficiency in every project. Our state-of-the-art equipment enables us to meet the demands of modern construction, ensuring faster timelines, enhanced safety, and superior quality. With the latest tools and innovations at our disposal, we are equipped to handle diverse projects, from infrastructure to large-scale industrial developments, all while maintaining our commitment to excellence.
